### Summary of Qualifications

In 2021, he graduated from IT STEP Academy at the Department of Python Web Application Development. He tried to be a diligent and persistent student, completed assignments on time. During my studies, I participated in the volunteer chatbot project "Kids-police" and successfully completed the online Python marathon from SoftServe IT Academy. Since 2021-2022 I have been working at Nexoft. From the beginning I was engaged in code editing in Shopify, then worked on projects on Vue 3, Nuxt 3. All tasks were completed on time and with high quality. In my free time I deepen my knowledge by watching YouTube channel. I am interested in your vacancies, here I can continue to improve. I think you will need my knowledge. I consider myself hardworking, honest, responsible, sociable, ready to learn and develop.
